

Channel Partner Program

Follow the Leader!

About us

LeaDer LED is a LED Display solution provider specializing in the development and integration of LED technology, software, and remote management services for business. Working with our Channel Partners to successfully address customers LED display requirements.

Training and Technical Support

As a Channel Partner we will provide you and your team with training on technical specifications, basic installation instructions, maintenance of LED panels and Cloud Management tools. You will work closely with your Senior Channel Manager to help build a successful LED customer base.

Demo Product and Brochures

As Channel Partner you have the option of purchasing demo equipment at special pricing. The product will be installed at your location and managed by LEADER LED remotely at no extra cost. Leader will also provide our Channel Partners with brochures for all our products.

Warranty

Leader LED provides a 3 year limited Warranty to all our customers.
